MEMORANDUM FOR: Executive Secretary
Deputy Director for Administration
Deputy Director for Intelligence
Deputy Director for Operations
Deputy Director for Science and Technology

SUBJECT: Year End Reprogramming

1. End of year balancing of accounts requires some adjustments to be made among offices and subobject classes to guard against deficits. Reprogramming restrictions imposed earlier in the year are relieved insofar as is necessary to permit essential year-end adjustments.

2. Reprogramming is permitted among non-personal services subobject classes and among components in unit or aggregate amounts which do not exceed [REDACTED]. Reprogramming of personal services funds to non-personal services subobject classes is permitted in aggregate or unit amounts which do not exceed [REDACTED]. If reprogramming actions in excess of these amounts are necessary, approval of the Comptroller should be requested orally with a follow-up written notification describing the purpose of the action, why it was necessary, and the accounts involved.
